

## SEPTEMBER COVID-19 INSTRUCTIONS

The race weekend is almost upon us, on behalf of myself and the committee I wish you all the best of luck going into the weekend.

As you all will now most likely be aware COVID is not going away anytime soon. While some can be sceptics of its seriousness, wither we like it or not we all have a responsibility to undertake changes in our day to day lives, it is no different when you come to the track.

Please support us in trying to keep the Sport going in these difficult times, below are the latest requirements for both Saturday & Sunday's Race Weekend and we need you to follow the requirements to ensure we can continue to run events.

We will this weekend operate a 3-strike rule, 3<sup>rd</sup> time of breaching the requirements and you will be asked to leave the venue – an entrant is responsible for his plus 2.

### COVID-19 Rules – APPLICABLE ON SATURDAY & SUNDAY

- 1) Face masks to be worn everywhere at the venue except your own bay/awning
- 2) Only one entrant plus 2 attendees on both days\*
- 3) Awnings with people from more than 2 separate households must ensure a flow of air through the awning, an opening front and rear for example. Where there is more than 30 persons in a team awning, you must wear masks in the awning also.
- 4) If you are exempt under the Scottish Government guidelines for wearing masks you must bring evidence, an inhaler, prescription, doctors letter – this must be shown to the COVID-19 marshal/officer – this weekend that is Sharon Waugh, she will issue you an event face mask exemption card. No evidence? Then a mask must be worn.
- 5) Only **1** driver **1** mechanic on the dummy grid and parc-ferme area's
- 6) Only under 5's are excluded from wearing face masks in the paddock
- 7) A maximum of **8** people on the Gantry, the club will ask for a volunteer for each class would assist police this during your specific practice session on Saturday or else we will just close it as we often find this rule is ignored despite signage. Speak to Sharon on the dummy grid Saturday to volunteer.
- 8) Social distance 2 metres where possible – attend your correct drivers briefing.
- 9) No Bikes/Scooters/Balls and similar toys during Race Day – we mandate this as the majority of accidents happen in the paddock, should the ambulance personnel be needed in the paddock the racing needs to stop, a serious accident in the paddock on a bike for example would cause a red flag during a race due to no medic cover for the track action, we are all a community at the track please support us in following this rule.
- 10) Please do not congregate down the bottom of the dummy grid, please move up the grid once kart of the trolley, this stops unnecessary overcrowding at the bottom.
- 11) Face Masks or Helmets must be worn when collecting your award at the end of the event.
